

ORGANIC GUARANA POWDER

Paullinia Cupana

PRODUCT SPECIFICATION

PRODUCT CODE: GUAPWBG0419

LITERATURE & HEALTH BENEFITS

The Guarana berry (*Paullinia cupana*) is yet another super berry native to Brazil, which comes from a climbing plant in the maple family. I invite you to look into the legend behind the creation of the Guarana, which is a little too gruesome for me to share on this product page!

In the native Tupi and Guaraní Paraguayan culture, Guarana seeds are dried and pounded into a fine powder in order to be enjoyed as a herbal tea with sugar.

With its slowly absorbed caffeine derivative, guaranine, this presents a great alternative to coffee for longer lasting mental and physical stimulation... properly ideal for studying, long hours at the office and pre workout!

- Provides a sustained boost in energy
- Improves digestion and metabolism through increased stomach acidity
- Encourages bowel movements
- Increases concentration and alertness
- Increases the body fat metabolism which could aid in weight loss
